Greetings!

On behalf of the California Legislative Black Caucus, I would like to commend *HOPE* on its 25th Annual Latina Action Day Conference. This event at the State Capitol will be an exciting experience for your Members.

Activism is politically essential to an inclusive and just society. By convening hundreds of Latina leaders from all regions of California, the Latina Action Day Conference is a platform to teach energetically charted Latinas the art of activism and the importance of unity to achieve policy objectives. We wish you a successful day of bonding in Latina sisterhood as the 400 of you discuss and advocate for priority issues that benefit the Latina community and ensure political equity.

HOPE's dedication to advance Latinas in all aspects of civic life, and to address state policy measures that impact Latinas in the areas of education, healthcare and economic empowerment, are noble pursuits. Thank you for working so diligently to enhance the State of California to make it more inclusive and just.

Again, congratulations and thank you for your exemplary service.

Sincerely,
