ASIAN PACIFIC ISLANDER LEGISLATIVE CAUCUS

May 22, 2019

Dear Friends:

On behalf of the Asian Pacific Islander (API) Legislative Caucus, congratulations to Hispanas Organized for Political Equality (HOPE) for their 25th Annual Latina Action Day Sacramento Conference.

Since 1989, HOPE has devoted itself to the education and empowerment of Latinas across the state to be active participants in the political process. HOPE provides the resources needed to shape and support leading Latinas through education, advocacy and networking.

The Latina Action Day Conference connects businesswomen, community leaders and elected officials, and fosters an intersectional space in which dialogue about public policy affecting Latinas is facilitated to bring about change and promote political and economic equality.

The API Legislative Caucus is proud to support HOPE and its commitment to positively impacting communities and the status of women. We extend our best wishes to HOPE for a memorable event and continued success.

Sincerely,
